

Cooperative Resources International

POSITION OPENING

Title: A.I. Training Specialist

Location: California or Idaho

Position Objective

- Genex Cooperative is seeking an Account Training Specialists to provide artificial insemination and animal handling training for strategic herds in English and Spanish. The successful candidate will develop an effective and efficient on-farm A.I. training program.

Major Areas of Responsibility

- Deliver strategic and timely English and/or Spanish A.I. training, including breeding, heat detection, reproduction protocols, and refreshers to strategic accounts
- Establish a presence for Genex as reproductive experts by delivering reproductive education programs or seminars
- Provide reproduction programming for the U.S. Marketing department
- Plan and deliver an animal handling educational program for Genex members.

Qualifications

- Strong dairy background
- Ability to speak and write English and Spanish fluently
- Degree in Agriculture
- Experience in heat detection on large farms.
- Communication and people skills are a must
- Willingness to learn and develop both personally and professionally
- Computer skills and ability to work with herd management software is a plus
