

Seeking calf care team member

You must be passionate about baby calves. Duties include: feeding, bedding, caring for baby calves, identifying calf health issues, cleaning calf barn and related tasks. We feed about 100 calves milk twice daily. Plus care for calves 3 to 5 months old in small groups.

Work hours may include early mornings, afternoons/early evenings and some weekends. As a team member, you pledge to:

“Live out your passion to create and deliver compassionate care to calves and heifers every day & inspire team members to do the same.”

“Be the catalyst for the right things to happen in a timely manner according to protocols and to help achieve efficient, safe calf and heifer flow.”

*“We’re here today to care for our baby calves,
that’s our mission above all else”*

Send cover letter and resume to: daphne@rosylane.com
