Dear Midwest Regional Dairy Challenge Participant,

- The contestant Skills Assessment Form must be completed by every student so we can more easily group each contestant in an appropriate aggregate team.
- The Participation Release Waiver and Release of Liability Waiver must be filled out by every student before they can compete in the contest.
- The Personal Information Release Waiver will be used to provide a complete list of participant contact information to sponsors. Each student will be required to sign this release of personal data to have their information included in the packets for networking.

New for the 2010 contest:

- The Friday evening mixer will be tailgate themed. We are encouraging you, your students, sponsors and volunteers to wear your school colors with pride.
- At the upcoming contest, you will notice a larger amount of the materials presented electronically. Please be sure all computers you bring along can read new versions of PDF.
- In addition to school computers, participants are welcome to bring their own computers for use during preparation time.

A final letter will be emailed to you with last minute details, including the Computer Information, Final Schedule and any other reference materials, after January 22, 2010. Please let me know if there is any way I can be of further assistance.
