

**Dairy Careers Job and Internship Postings
Available to Platinum and Producer Sponsors**

We are pleased to offer a benefit of sponsorship available only to our Platinum (\$5000+) and Producer sponsors. NAIDC's **Dairy Careers** site allows your organization to conveniently post position announcements at no cost.

The site is divided into 3 categories:

- Internships
- Full time employment
- Dairy farms looking for interns and employees

These postings appear on our www.dairychallenge.org web site, making them viewable to everyone. However, only you, our select Platinum and Dairy Producer sponsors, may submit positions. In the future we will be adding additional features, including a page for posting resumes which will further aid your recruitment efforts.

If you would like to take advantage of this opportunity to promote positions available within your organization to Dairy Challenge enthusiasts - we currently have 1700 alumni to the program - simply submit a brief job description using the attached form. Send your position announcement to Molly Kelley, NAIDC at naidcmjk@aol.com.

Each time a new posting appears, an alert will be sent to our more than 150 university coaches and posted on our Facebook page.

Thank you for your tremendous support of Dairy Challenge. We hope you will enjoy this added opportunity to recruit the top students from universities across North America.

Sincerely,

Molly Kelley
Executive Director, NAIDC
