

Join the Dairy Challenge Social Media Interns

The North American Intercollegiate Dairy Challenge (NAIDC) is looking for actively enrolled students in college with an interest in agricultural communications to join the Dairy Challenge Social Media Interns.

The Dairy Challenge Social Media Interns will take to the NAIDC digital platforms to share stories from the four regional events as well as the National Dairy Challenge. Communicators will collect content, including photos, video, tweets and Facebook posts, and will guide the conversation with attendees and the broader online community.

Do you have what it takes to be a member of the Dairy Challenge Social Media Interns? We're looking for enrolled students who are:

- Available to attend one of the Dairy Challenge events in 2025-26 and participate in the full event
- Passionate about social media and digital storytelling
- Looking to learn, share and grow in the social media space
- Knowledge about the dairy industry (not required, but is a plus)
