On behalf of the Midwest Regional committee of the North American Intercollegiate Dairy Challenge, it is our privilege to invite you to join us as we return to meeting in person for the 18th Annual Midwest Regional Dairy Challenge. The event will be held February 16-18, 2022 and hosted this year by the Michigan State University, The Ohio State University & Purdue University at the Grand Wayne Center in Fort Wayne, Indiana. We thank you for your continued support of the Midwest Intercollegiate Dairy Challenge.

**Sponsor Participation:** We are building our list of volunteers to help with the event on Wednesday evening thru Friday afternoon. Being involved and working directly with the students gives you a firsthand view of the students in action, plus a large volunteer pool helps the contest run smoothly.

**Sponsor Volunteer Registration:** Please submit information for each volunteer from your company using this online form. Forms are due **Monday, January 24, 2022**, but will continue to be accepted on an as needed basis. To register, go to [https://2022mwdairychallenge\\_volunteer\\_registration.eventbrite.com](https://2022mwdairychallenge_volunteer_registration.eventbrite.com)

**Meals:** Meals will be provided for sponsor volunteers.

**Sponsor Display:** On Friday you are invited to set up a booth in our Innovation Fair at the Grand Wayne Convention Center. Booths will be open between 8:30 am and 2:15 pm. Indicate your desire to reserve a booth using the online [registration form](#). There is no charge for booth. Electricity will be available, but you will

need to supply your own electrical cords. All sponsors are encouraged to reserve a space to interact with students and University coaches and to view student presentations on Friday. Remember because of the number of teams, presentations will be going simultaneously. This is a terrific opportunity to visit with each participant at the event, particularly if your company is seeking interns or job recruits.

Mentors: We are seeking a large number of volunteers to serve as Team Mentors. This is an important role as Mentors work side by side with the student teams to guide them through the farm analysis process. With enough volunteers, we hope to assign 2 mentors to each team. If you are interested in serving as a Mentor, indicate as such when registering. Please note:

- **Mentors must be available starting with the Mentor Meeting at 4:00 PM Wednesday until after lunch on Thursday. If you are able to stay through presentations on Friday, indicate your availability as such on the registration form.** Staying for the entire event (through presentations on Friday) allows for even more interaction with your team and provides cohesiveness for the team. Mentors will review data with students Wednesday evening, tour the dairy on Thursday morning, offer guidance while assembling their presentation on Thursday afternoon, oversee team prep on Friday, direct your team to their presentation room on Friday, be present during the presentation, and be their guide to debriefing.
- Mentors must have a camera or camera-capable phone to take pictures for their groups and be willing/able to download the pictures.
- **Mentors should be committed to the event and willing to work with students in a positive and supportive manner, encouraging participation and guiding them in their dairy assessment.**
