On behalf of the Western Regional committee of the North American Intercollegiate Dairy Challenge, it is our privilege to invite you to participate in the 19th Annual Western Regional Dairy Challenge. The event will be held in Richfield, Utah February 22-24, hosted by Utah State University and the Western Region. We thank you for your continued support of the Western Regional Dairy Challenge.

SPONSOR PARTICIPATION: We are building our list of volunteers to help with the event on Thursday evening through Saturday afternoon. Being involved and working directly with the students gives you a firsthand view of the students in action, plus a large volunteer pool helps the contest run smoothly.

SCHEDULE: A listing of the scheduled events for this year's contest will be posted on the Western Dairy Challenge web page at <http://www.dairychallenge.org/contests>

SPONSOR VOLUNTEER REGISTRATION: Please submit information for each volunteer from your company using this online form. **Forms are due Thursday, February 8, 2024.** Go to <https://2024WesternDairyChallengeVolunteerRegistration.eventbrite.com>

HOTEL: Our headquarter hotel for this event is the Holiday Inn Express Richfield Utah. A block of rooms is being held under "Dairy Challenge Volunteer Block" until Thursday, February 8, 2024. - Lunch tickets (Friday and Saturday): \$15 each
- Dinner tickets: (Thursday and Friday): \$20 each

SPONSOR DISPLAY: On Saturday, February 24 sponsors at the Gold level or above (\$5000 or above) are invited to set up a complimentary company display at the Sevier County Fairgrounds, February 24, 2024. Please indicate your desire to reserve a display spot using the online registration form. Electricity will be available, but you will need to supply your own electrical cords. All sponsors are encouraged to interact with students and University coaches and view student presentations on Saturday. Remember because of the number of teams, presentations will be going simultaneously.

MENTORS: We are seeking a large number of volunteers to serve as Mentors. This is an important role as Mentors work side by side with the student teams to guide them through the farm analysis process. With enough volunteers, we hope to assign a Team Mentor to each team and have a pool of Roaming Mentors. If you are interested in serving as a Mentor, indicate as such when registering. Please note:

- **Team Mentors** must be available starting with the Mentor Meeting at 6:30 PM Thursday until after your team presents on Saturday no later than 2:00 PM. Staying for the entire event (through presentations early afternoon on Saturday Friday) allows for more interaction with your team and provides cohesiveness for the team. Mentors will review data with students Thursday evening, tour the dairy on Friday morning, offer guidance while assembling their presentation on Friday afternoon, oversee team prep on Saturday, direct your team to their presentation room on Saturday, be present during the presentation, and be their guide to debriefing.
- **Roaming Mentors:** If you are interested in serving as a Mentor but not able to commit through Saturday, we suggest signing up as a Roaming Mentor or other volunteer role.

Mentors are asked to bring a camera or camera-capable phone to take pictures for their groups and be willing/able to download the pictures.

Mentors should be committed to the event and willing to work with students in a positive and supportive manner, encouraging participation and guiding them in their dairy assessment.
