

Dear Colleague:

Since 2002 Dairy Challenge has partnered with industry, producers and universities to build a workforce that is well prepared to face the challenges of the dairy industry. We are inviting you to sponsor the North American Intercollegiate Dairy Challenge to help top collegiate dairy students to develop countless skills – dairy management, teamwork, communication and problem-solving.

During a Dairy Challenge event, students work as a team to:

- 1) Evaluate a modern dairy through farm visit, record analysis and interviews with owner or manager.
- 2) Identify strengths and opportunities for the dairy.
- 3) Present recommendations to a panel of judges and sponsors.
- 4) Meet with key sponsors about career opportunities and new technologies.

Regional and Academy participants follow a similar format with one key exception: their "team" includes sponsors who work directly with students to help them analyze and develop recommendations.

Your support of Dairy Challenge will enhance the abilities of young professionals entering the dairy industry. As a sponsor, you gain hands-on time with hundreds of students from 2- and 4-year colleges across the US and Canada who aim to be dairy industry professionals, producers and veterinarians.

The benefits of Dairy Challenge reach far beyond our organization:

- Sponsoring companies have single source for finding employees. In fact, many of you have told us that Dairy Challenge is the only recruiting opportunity your company needs, saving you both time and money.
- Sponsoring companies also influence future customers as approximately 50% of all participants become owners of employees of dairies across North America.
- Alumni to the event tell us that Dairy Challenge was one of the best involvements students had in college because of the hands-on, real-life learning they experienced and the network they developed.
- Universities report that having a Dairy Challenge program as part of their offering has boosted their program enrollment.
- Hundreds of producers have received free consulting services as a benefit of hosting an event.

The NAIDC has 100+ sponsoring companies and producers, more than half of which are Platinum and above sponsors. As you evaluate your contributions for this coming year, please include Dairy Challenge in your plans. Complete sponsor benefits are listed on the accompanying form and more program details are at www.dairychallenge.org. For maximum publicity, donate online at <https://www.dairychallenge.org/sponsors/donate.php> or return the enclosed commitment form at your earliest convenience, or by March 15.

Sincerely,

Cathy Myers, Amelicor
Board Chair
